

The Milk: 100mL (25/75 PG/VG)

(Available in: 3mg, and 6mg)

Berry Crunch: On the front end, you'll get a handful of berry flavor bathed in milky deliciousness and on the back a wonderful sweet, creamy, fruity mouthfeel—one of our more “mellow” flavors, but full-bodied at the same time.

Cinnamon: This delightful treat is pretty straightforward. Since just about everyone asked us to do it, we present to you a cinnamony, toasted, crunchy milk.

Fruity: Fruity will take you back to the stone age. A fruity medley that yields an intense yet balanced flavor of fruit that has been steeped in milk.

JAX: This tasty blend combines creamy milk with the classic combination of apples and cinnamon for a unique and nostalgic vaping experience.

Strawberry: A decadent blend of creamy strawberry milk that will tantalize the taste buds and evoke memories with creamy fruity goodness.
